Homework #12

due: Tuesday, May 17, 2011

• Write your name at the top of each page of your solutions.
• Clearly indicate the start of the solution for each problem.
• Properly order and staple all pages of your solution.
• Show all of your work!
• A solution that requires physical units is incorrect without them.
• Clearly identify your result (e.g. box or circle the result).
• Always write neatly! If it cannot be read, it will not be graded!

• Always read the associated sections of the textbook before attempting the homework problems!

1. Roth & Kinney – problem 15.37 – parts (a) and (b) only.
