Liya Shao
Office hours:
   Wednesday: 7:00--9:00pm, Room 3203
   Friday: 5:00--7:00pm, Room 3203
Email: lshao@gmu.edu (include “ECE286” and your name in the subject line)

Policies:
1. George Mason University honor code applies to all aspects of the ECE286 Lab.

2. All the students have to be prepared for the experiment before the lab meeting.
   Read the lab assignment carefully and come to the lab with questions.

3. Attendance for all labs is mandatory.

4. All lab experiments must be completed independently.

5. All lab experiments must be completed to pass the course.
   To complete each lab, you must complete all tasks assigned by the TA, and show
   your work to the TA. The data collected as part of the experiment must be
   recorded and signed by the TA, when the TA approves your work. When you
   submit your lab report, the original data (signed by the TA) must be attached.

6. Lab reports must be completed individually. Lab reports must be legible.
   Follow the report format carefully.
   If you submit a report with the wrong format you will lose 20% of your grade.

7. Lab reports are due before the start of next lab.
   Late submission will reduce your grade on the report by 25% per week.

8. You will need PSPICE simulation on at least one circuit.
   The circuit will be assigned during the lab.

9. Your lab grade will be determined by:
   Attendance, preparation for the lab, lab clean up: 10%
   Lab report: 60%
   Midterm: 30%
